

OUR PLAN TO

Tips to Lead with Heart

Sigma Kappa staff has been working hard to redefine support for our collegiate officers. We're excited to share our reevaluated collegiate officer supplies that will better support our members' abilities to lead with heart during this time. In this initial release of Pivot resources, we have created tips to help collegiate chapter officers:

Connect

Promote sisterhood and engage virtually

Lead

Refocus our chapters' operational needs

Inspire

Plan during this time of uncertainty

Give

Identify levels of support

[Click Here to Explore Pivot](#)

We understand that connecting with each other and staying true to our values is more important than ever before. We are identifying ways for members to pivot so we are able to enhance the current membership experience. Sigma Kappa staff is monitoring how chapters will be returning in the fall and discussing initiatives to support those statuses. For our next phase of Pivot, we will reimagine the values of Friendship and Loyalty.

Continue to **inspire** one another, **connect** virtually, **lead** with heart, and **give** generously in this time of need. Remember that no matter where you may find yourself in life, Sigma Kappa is always here.
